

Coastal Fisheries and Marine Technology Instructor

Full-time, Grant funded

General Position Information: WCCC is seeking to fill a full-time a grant funded Coastal Fisheries and Marine Technology faculty position. This position is responsible for oversight of curriculum creation and revision; classroom instruction; collaborate with department chair and management on course scheduling; student academic advising and student recruitment; management of program standards and assessment of program outcomes; establish and maintain collaborative relationships with colleges and universities and establish and preserve external stakeholder relationships. This position instructs 15 credit hours per semester, is on a day/evening schedule and teaches in both traditional and distance education (including online) as well as off-campus settings.

Qualifications: Multi-faceted experience with Maine's working waterfronts and both capture and culture fisheries. Broad knowledge and experience in marine technology topics including marine engine, electrical, water, and hydraulic systems and highly proficient in vessel operations and marine safety. Teaching experience is preferred, including effective presentation skills. The ideal individual would be well connected within the fishing community and have experience in both conservation efforts and industry advocacy. Proof of up-to-date Covid-19 vaccination required prior to the first day of employment, subject to exemptions recognized by law.

Salary Range and Benefits: MEA Faculty Unit/salary commensurate with credentials and experience. 100% employer paid health, dental and life insurance for employees (spouse/domestic partner/dependent coverage also available), vision insurance, choice between Maine Public Employees Retirement System or TIAA CREF in lieu of social security, annually 2 personal days, 9 sick days, professional development, and free tuition within the MCCC for employee, spouse, and qualifying dependents.

Application Process: Interested candidates should submit a cover letter, resume, unofficial transcripts, list three professional references (letters accepted) to resume@wccc.me.edu or mail to Robyn Leighton, Human Resource Coordinator, Washington County Community College, One College Drive, Calais, ME 04619. Attn: Coastal Fisheries & Marine Technology Instructor, by close of business Friday, July 29, 2022.
