#### wccc.me.edu/programs

### PROGRAM **DESCRIPTION**

The **Electromechanical Instrumentation Technology** Associate in Applied Science Degree is designed to provide students with additional knowledge beyond our Residential and Commercial Electricity program in the areas of Programmable Logic Controls, Instrumentation, Computer Electronics, and Physics. Graduates of this program will have solid skills to work in the production, manufacturing and process industries. The graduate will possess knowledge of the control process in manufacturing and production, troubleshooting, and maintaining such systems.

#### Career **OPPORTUNITIES**

Graduates from the program will be prepared to assume positions in manufacturing facilities where the process is computer controlled and involves programmable logic circuits and both electronic and pneumatic control. This program has been developed through a cooperative partnership with the local paper production industry. It is designed, however, to be applicable to a variety of manufacturing and production industries. **Students will have the opportunity to start careers in the manufacturing sector locally and regionally as well as transfer to four-year programs in the engineering fields.** 

#### PROGRAM **OUTCOMES**

- 1. Understand and apply knowledge in layout, assembly, installation, and troubleshooting of fixtures, devices, services, heating systems, pumps, motors, and motor controls used in residential, commercial, and industrial locations.
- Understand and apply knowledge of electrical theory and techniques of the trade, including blueprint reading, wiring, pipe bending, motor control, switching, and power circuits.
- 3. Demonstrate ability to understand requirements of the National Electrical Code in all wiring installations.
- 4. Qualify for employment opportunities with manufacturing facilities, companies using process control systems, and industrial maintenance and troubleshooting companies.

Washington County Community College is an equal opportunity/affirmative action institution and eployer. For more information; please call Tatiana Osmond, Affirmative Action Officer, at 454-1094

# Electromechanical Instrumentation Technology Course Curriculum

## **Associate in Applied Science**

63 Credit Hours

| Course # | Required for Associate Degree Option                       |       | Credits |
|----------|--|-------|---------|
|          | Semester 1   |       |         |
| ENG101   | College Composition  |       | 3       |
| FYE100   | First Year Experience                                      |       | 1       |
| REY 131  | Residential and Commercial Electricity Technology I        |       | 2       |
| REY 152  | Residential and Commercial Electricity Technology II       |       | 8       |
| TEC 150  | Electronic Principles I                                    |       | 3       |
|          |  | Total | 17      |
|          | Semester 2   |       |         |
| NEC 111  | National Electrical Code                                   |       | 3       |
| PSY 101  | Introduction to Psychology                                 |       | 3       |
| REY 181  | Residential and Commercial Electricity Technology III      |       | 9       |
| TEC 151  | Electronic Principles II                                   |       | 3       |
|          |  | Total | 18      |
|          | Semester 3   |       |         |
| DRG 124  | Print Reading, Sketching, and Introduction to CAD          |       | 3       |
| EIT 180  | Programmable Logic Control I                               |       | 3       |
| EIT 250  | Industrial Electrical Troubleshooting                      |       | 3       |
| ENG 210  | Technical Writing  |       | 3       |
| MAT 127  | College Algebra  |       | 3       |
|          |  | Total | 15      |
|          | Semester 4   |       |         |
| EIT 225  | Industrial Instrumentation, Automation and Process Control |       | 3       |
| EIT 240  | Programmable Logic Control II                              |       | 3       |
| Elective | Art/Humanity/Social Science Elective                       |       | 3       |
| PHY 120  | Physics  |       | 4       |
|          |  | Total | 13      |

Cost per credit hour is \$96. For more information visit: https://wccc.me.edu/admissions-aid/finances/tuition-fees/ Financial Aid is available for students who qualify at www.FAFSA.Ed.Gov School Code: 009231

Visiting the campus is easy. Contact the Office of Admissions at 207-454-1000 or wcccadmissions@mainecc.edu to schedule a time to visit!

For more program specific information, please contact the program instructor Tim James, tjames@mainecc.edu or 207-454-1071
