

LIBERAL STUDIES: HEALTH OCCUPATIONS

PROGRAM DESCRIPTION

The **Health Occupations Certificate** is designed as a preparation program for students wishing to enter occupations in health careers at a Maine Community College campus, a University of Maine campus, or Maine private college health program. The program is structured to encourage career exploration and provide guidance to students of opportunities as they prepare to apply to their chosen health degree program.

Career OPPORTUNITIES

Successful completion of the program qualifies graduates to transfer into a two or four-year health degree program. Transfer programs could lead to a career in **nursing, medical assisting, physical therapy, phlebotomy, respiration therapy, health information management, or radiology.**

PROGRAM OUTCOMES

1. Form and test scientific hypothesis, evaluate empirical evidence, and reflect upon and learn from mistakes.
2. Employ clear, concise, and consistent written and verbal communication skills and practice active listening techniques.
3. Locate, analyze, synthesize, and evaluate information.
4. Read with comprehension and critically analyze arguments.
5. Calculate, analyze, and communicate conclusions using both qualitative and quantitative data.
6. Synthesize and evaluate meaning based upon philosophical, literary, or multidisciplinary perspectives.
7. Identify and evaluate ethical concerns from a theoretical, professional and/or cultural perspective.

Washington County Community College is an equal opportunity/affirmative action institution and employer. For more information; please call Tatiana Osmond, Affirmative Action Officer, at 454-1094
