

Library Newsletter

7 February 2022

The Teaching and Learning Center for Excellence (TLC)

New additions to the TLC include 3 i-Pads. You can use the i-Pads to browse the library online catalog or surf the internet, and you'll also be able to read the Calais Advertiser on one, and the Bangor Daily News on another.

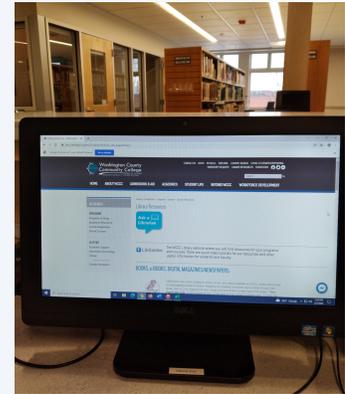

Come take a break on our new comfy furniture too!

And don't forget our on-going event at the TLC. Many students have already participated. Don't miss out. Come pick up an entry form and answer the simple questions to stand a chance to win one of our cool prizes.

As you know, the library offers many resources, both print and digital. Our resources can be found in the physical library space and online on our [library_page](#).

In addition the library offers many other services such as:

- **Research assistance** - we can help through all the steps of your research project, from selecting a topic, narrowing or broadening the search, locating resources and references and helping with citations and checking on copyright information
- **Information Literacy** - we can help you define your search terms, check on the authenticity of websites and information and make sure you're not using fake news for your research papers

We can also help with:

- Microsoft Word and Powerpoint.
- Using software like Camtasia, Acrobat, Google Sites...
- Using hardware like Kindles, iPads...

Drop me an email or give me a call to set up an appointment in person or via Zoom if you need help with any of our resources and services
