

NURSING

Upon completion of the program, graduates will obtain an associate in science degree and are eligible to take the NCLEX Registered Nurse (RN) licensure examination.

EMCC's **Nursing Program** has been ranked #1 in Maine for several years in a row.

▶ **Washington County Community College** is partnering with Eastern Maine Community College to begin a nursing cohort with qualified students in the Spring 2023 semester!

▶ Courses will be offered on the **WCCC Campus** and through Zoom with EMCC. **Clinical rotations** will be located at medical facilities right in Washington County.

WCCC students enjoy small class sizes, supportive faculty, transferable courses and leadership/engagement opportunities all for under \$4,000/year

(most programs, based on 30 credit hours, in-state rate of \$96 per credit hour)

CAMPUS TOURS AVAILABLE

Individuals who feel they have transferrable credit for any of the college-level prerequisites listed above should confirm course transferability by applying for the Health Occupations Certificate Program, submitting official academic transcripts, and meeting with their Academic Advisor.

Questions about this program should be directed to the Office of Admissions, at 207-454-1000 or admissions@wccc.me.edu

LIVE ON CAMPUS

Did you know that WCCC has student apartments on campus?

Every year, many WCCC students choose to live on campus. The college's apartment-style housing accommodates up to five students in each unit. The housing and meal plan includes a balanced dinner each day and students can also enjoy breakfast or lunch in the college's dining hall.

Apartments have small kitchens for students who wish to prepare the remaining meals, and residential life staff offer cooking classes.

Studies show that students who live on campus not only tend to have higher GPA's, but they are also more likely to complete their education and get more out of their college experience.

Visit www.wccc.edu/housing to learn more!
