& Sean King O’Grady

5 p.m. | Friday, March 1, 2024

Addiction is an all-encompassing force not only in the lives of the afflicted, but also those around them. Captured at a pivotal “nothing to lose” moment over the course of a year, OUR AMERICAN FAMILY is a radically honest portrait of five family members grappling with the legacy of generational addiction as they fight to heal resentments and pull each other out of the deepest depths.

Community members aged 16+ are invited to join Washington County Community College and Healthy Acadia for a free screening of this acclaimed documentary film, followed by a panel discussion with a member of the portrayed family. Snow date is March 22.
