

Washington County Community College Campus Hazing Transparency Report

The Federal Stop Campus Hazing Act was created in 2025.

A component of the act is the reporting of any documented violation of hazing by a student organization.

The Act defines hazing as:

any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons, regardless of the willingness of such other person or persons to participate, that –

- is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and
- causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury.

The Act defines a student organization as:

an organization at an institution of higher education (such as a club, society, association, varsity or junior varsity athletic team, club sports team, fraternity, sorority, band, or student government) in which two or more of the members are students enrolled at the institution of higher education, whether or not the organization is established or recognized by the institution.

Any hazing violations will be documented below, and this report will be updated every six months.

- January 1, 2025, to July 1, 2025 – No reported violations.
