

Hello, Students!

It is my great honor to welcome you to Washington County Community College! It takes a lot of courage to enroll in college and even more effort to work hard each and every day to complete your courses successfully. I am excited that you have chosen WCCC to further your education, and I want you to know that every staff and faculty member on this campus is here for you. Please reach out to any of us if you have any questions at all!

WCCC is committed to a safe and productive academic environment: learning will happen, relationships will be formed, ideas and thoughts will be developed, shared, and challenged. As much as this fall semester will be different, in ways both known and unknown, it will also be familiar as our commitment to students has not changed. As we enter this academic year, it is natural that questions will arise concerning the health and safety measures that are being taken in the on-campus environment this fall. Administrators and leaders in the Maine Community College System and here at WCCC continue to closely monitor and proactively respond to the COVID-19 crisis as it unfolds. Administration, faculty, and staff continue to work diligently and extensively to meet the challenges of the COVID-19 crisis. Of course, your help is also needed to keep our campus as safe and healthy as possible.

It is vital that you complete the LiveSafe COVID-19 Health Screening App each day before attending any in-person class. Please be honest and report any new symptoms you may develop. If you receive a **RED X**, remain off campus or in your student apartment and contact the student services office at 207-454-1000. You can download the LiveSafe app on your cell phone by visiting [www.wccc.me.edu/safety-and-security](http://www.wccc.me.edu/safety-and-security)

Face coverings are required indoors for all individuals, regardless of vaccination status.

During the pandemic, it is essential that everyone stays informed. This is a rapidly evolving situation, and we will continue to provide information as it develops and changes. Please check [www.wccc.me.edu/covid-19](http://www.wccc.me.edu/covid-19) regularly for updates.

I ask that you strive daily to remain optimistic and eager for your future, even amidst the challenges of COVID-19. Remember each day the passion that brought you here to seek a college credential.

Have a great semester and please do not hesitate to contact me for assistance!

With Respect,

Tyler Stoldt  
Dean, Office of Enrollment Management & Student Services
